

Sidekick II™ Receiver

Digital Alerting Device

Super-bright multi-function alerting!

SK09214-2

A new generation of alerting systems with increased range, outstanding features, and fresh, elegant styling.

The Silent Call® Sidekick II™'s bright, flashing strobe and front indicator panel alerts you quickly to visitors, calls, and emergencies. The Sidekick II™ receiver is a table top AC operated alerting device, used in conjunction with any Silent Call 318MHz transmitter. The strobe light and distinctive LEDs are activated and a digital icon is displayed indicating which transmitter sent the signal (and optional vibrator when plugged into the output connector on the back of the unit). The indication will continue for approximately 15 seconds after the transmission ceases. Since the Smoke Sensor and Fire Alarm transmitters transmit as long as the alarm condition is present, the Sidekick II™ will remain in alarm as long as the smoke or fire is present.

5 Year Warranty

Your Sidekick II Receiver is warranted to be free of defects in material and workmanship for five years from the date of initial purchase. During that time, the unit will be repaired or replaced free of charge (3-5 day turnaround) when shipped prepaid to Silent Call Communications. This warranty is void if the defect is caused by customer abuse or neglect.
